Our workshop is designed to provide the tools and knowledge necessary to forecast indirect rates and implement and utilize an earned value management system.

Learning will be accomplished through the use of practical exercises and examples. Please note, **attendance is limited to the first 12 registrants.**

Some topics to be addressed include:

- ⇒ Budgeting basics
- ⇒ Financial ratios and their uses
- ⇒ Indirect rate models and their applicability
- ⇒ Pro forma financial statements
- ⇒ Using forecasted rates in proposal preparation
- ⇒ DCAA and forecasting
- ⇒ Elements of an acceptable EVMS system
- ⇒ The benefits of implementing an EVMS system

Students will be provided templates, form examples, and internet websites, as well as practice sets.

We encourage our participants to share their experiences!
